

Passing a change to our bylaws requires clearing a very high bar.

First, each district must receive a minimum of 200 valid ballots. (To be valid, each ballot must be cast by only one lessee of a full-fee lot located within the district and not in arrears with LCMC.)

Second, if the minimum votes per district threshold is met, each change must receive “yes” votes from all districts combined totaling 67% to pass. (Each proposed change is calculated alone.)

Voter turnout is critical to ensure the results truly reflect the will of the Membership.
